TYRANT

Ball Name	Tyrant
Weights	12-16 lb.
Core	Tyrant
Cover	Reflex Solid HST
Color	Black/Yellow/Blue
Finish	500/2000 Abralon
Conditions	Heavy Oil
Reaction	Powerful Overall Hook
Mass Bias	.011
RG	16# 2.49 15# 2.48 14# 2.50 13# 2.53 12# 2.60
Differential	16# 0.049 15# 0.056 14# 0.055 13# 0.055 12# 0.039

HYPERSHOCK

OUTER CORE

Patent Pending

HYPERSHOCK TECHNOLOGY (PATENT PENDING), ADDED TO A BALL'S OUTER CORE, CONTROLS THE INFLUENCE PINS HAVE ON THE BALL'S PATH THROUGH THE PIN DECK. THE RESULT IS DRIVE THROUGH THE PINS LIKE NO OTHER BALLS ON THE PLANET.

NOT CONTENT TO STOP THERE, WE HAVE NOW ADDED IT TO THE COVERSTOCK OF OUR NEW TYRANT, OUR LATEST REDLINE COLLECTION RELEASE. THE INCREASED PERFORMANCE IS QUITE IMPRESSIVE.

NOW, THE HYPERSHOCK INJECTED COVER FOUND ON THE TYRANT INCREASES THE BALL'S ABILITY TO RETAIN ENERGY AS IT ROLLS DOWN THE LANE. LESS ENERGY LOSS, PLUS ENHANCED DRIVE THROUGH THE PINS EQUALS BIG PERFORMANCE GAINS FOR EVERYONE FROM THE NOVICE BOWLER TO THE SEASONED PROFESSIONAL.

THIS NEW EVOLUTION OF HYPERSHOCK TECHNOLOGY WILL HELP YOU DOMINATE THE LANES LIKE NEVER BEFORE.

**Our highest performing products.
Full-throttle, high octane performance.**
